Organize your thoughts before calling a provider or giving report. Speak it top to bottom.

PATIENT NAME / INITIALS	ROOM	AGE	DOB	DATE / TIME
NURSE	PROVIDER / RECIPIENT	CODE STATUS		

S Situation *who you are, who the patient is, and the problem right now*

I am calling about (patient, room)... The problem is... It started / changed at...

B Background *the context the listener needs*

Admitted on (date) for... Relevant history... Allergies... Current meds / treatments...

A Assessment *what you found and what you think*

Most recent vitals... Focused findings... What changed... I think the problem is / I am not sure, but the patient is getting worse...

R Recommendation *what you need and when*

I need you to (come see the patient / give an order / transfer)... Orders to read back... When should I call again?
